WELCOME TO BARCELONA

Welcome to Barcelona

Dear Friends and Colleagues,

We are delighted to invite your organisation to **ECPCA Barcelona 2027 – the European Cleft Palate Craniofacial Association Congress**, which will take place in Barcelona from **22-25 June 2027**, under the theme *Controversy, Consensus and Innovation in Cleft Care*.

Barcelona 2027 will bring together the European and global cleft and craniofacial community to share clinical experience, scientific knowledge, and innovative approaches across disciplines and healthcare systems. The congress will provide opportunities to exchange ideas, develop new collaborations, and engage in open scientific dialogue around the challenges and opportunities shaping the future of comprehensive cleft care.

We believe that meaningful scientific exchange extends beyond the lecture hall. Barcelona offers an inspiring setting to connect, build relationships, and continue conversations in an informal and welcoming environment.

As outlined in this prospectus, we are pleased to offer a range of **sponsorship and exhibition opportunities** designed to accommodate different levels of involvement, objectives, and budgets. Sponsors and exhibitors are an integral part of the congress community, contributing to education, innovation, collaboration, and the advancement of patient care.

We warmly welcome your organisation to Barcelona 2027 and look forward to developing meaningful partnerships that contribute to an inspiring and successful congress.

We look forward to meeting you in Barcelona!

VENUE

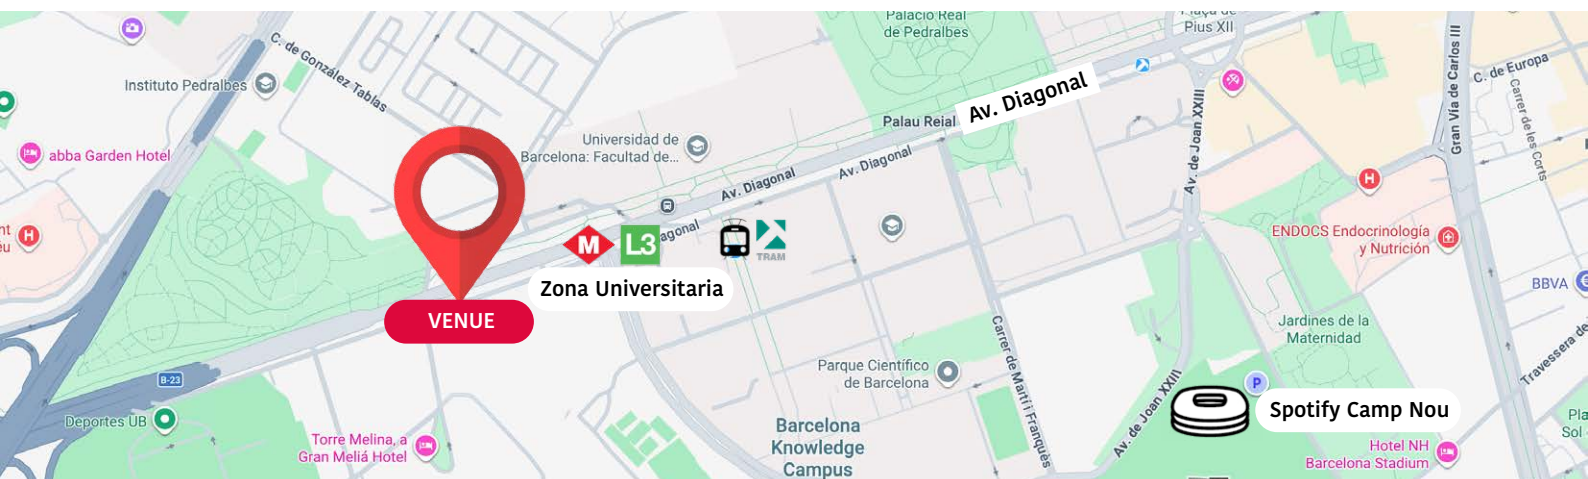

PALAU DE CONGRESSOS DE CATALUNYA

Avda. Diagonal, 661-671, Barcelona • Spain
www.catalunyacongresscenter.com/en

The Palau is strategically located in the neighbourhood of Pedralbes, near the iconic Avenida Diagonal, one of the city's main thoroughfares. This means it is close to many of the key tourist attractions and just 15 minutes from Barcelona Airport.

CONGRESS THEME

ECPCA Barcelona 2027 will bring together the European and global cleft and craniofacial community in an international forum for scientific exchange, collaboration, and innovation.

Our theme is **“Controversy, Consensus and Innovation in Cleft Care.”**

We believe that progress in cleft care requires an open environment where established practices can be questioned, evidence can inform consensus, and new ideas can emerge through collaboration. Barcelona 2027 will bring together different disciplines, healthcare systems, and geographical perspectives to explore what we agree on, where controversies remain, and how innovation can improve comprehensive cleft care.

The programme will place particular emphasis on **capacity building, Comprehensive Cleft Care Centre development, leadership and sustainability, patient- and family-centred care, and the responsible use of research, technology, and innovation** to improve outcomes for patients and families worldwide.

Innovation also requires collaboration with industry. Barcelona 2027 will provide opportunities for companies developing technologies, devices, materials, digital solutions, and other tools relevant to cleft and craniofacial care to engage with the clinical community, showcase innovation, and contribute to discussions around the future of patient care.

BENEFITS OF EXHIBITING & SPONSORING

- **Access to a Diverse and Global Audience: Connect with leading researchers, scientists, professionals, and decision-makers:**
Benefit from networking opportunities with potential collaborators, customers, and partners.
- **Brand Exposure and Visibility:**
Showcase your brand, products, and services to a wide range of attendees:
Gain exposure through event marketing materials, event website, social media promotion.
- **Thought Leadership and Expertise:**
Establish your company as a thought leader by participating in panel discussions, workshops, or giving a presentation during the event. Share your expertise, insights, and innovative solutions with a highly interested and engaged audience.
- **Lead Generation and Business Opportunities:**
Generate high-quality leads and engage in meaningful conversations with potential customers. Build new partnerships and explore business opportunities with key decision-makers and industry influencers.
- **Product Demonstrations and Launches:**
Use the exhibition area to showcase your latest products, technologies, and innovations. Conduct live demonstrations, product launches, and hands-on experiences to attract attention and create a lasting impression.
- **Enhance your reputation:**
Align your brand with a prestigious international scientific congress known for its high-quality research and influential participants. Enhance your reputation and credibility within the scientific community.
